

# BC HANDS & VOICES and GUIDE BY YOUR SIDE present: **Fifth Annual Fall Parent Workshop**

## PARENT TO PARENT—SHARING OUR WISDOM

Join us for our annual parent workshop. This year's focus is on learning from other parents. We are delighted that Cecelia Klassen and Cathy Luther will kick start the day. These parents of young adults who are deaf or hard of hearing will share their experiences, telling us what they know now that they wish they had known from the start. A panel of parents of school-aged children will follow, reflecting back on what they have learned over the years. There will be lots of opportunity for discussion, to ask questions and share experiences. Deaf and hard of hearing role models (teens and young adults) will be helping out with the event and participating in our "Cafe Style" lunch.
