

# BC HANDS & VOICES PRESENTS

## TECH CHAT-BE APP HAPPY PARENT CONNECT NIGHT- ONLINE

Join us for an informal discussion about access for your deaf/hard of hearing child in everyday life! It doesn't matter what type of hearing equipment your child uses (if any), learn what other parents of deaf/hard of hearing kids are using and finding helpful. BC Hands & Voices board members and Guides will also be part of the conversation to share what works for them! Get the latest info from older kids, teens and DHH adults on how they access information in their hobbies and day-to-day life including video games, in the car, text to speech apps and much more!

Grab a beverage and join us from your favourite spot at home! Ask questions, get tips and share experiences with other parents. ASL Interpreting provided.

**THURSDAY  
OCTOBER 12**

7:00pm-8:30pm
