

BC Hands & Voices Presents

# "Birds & Bees" Basics for Parents of Young Children with Sexual Health Expert, Saleema Noon

*We're delighted to host Saleema Noon, leading sexual health educator in our province. Renowned for her work in our schools, and a familiar face in our media, Saleema will tackle this serious topic in a way that is fun, light-hearted and current. Parents will explore sexual health, understand why we should be discussing this with our children at a young age and why it's especially important for our deaf and hard of hearing kids to be well educated in this area. Learn words, concepts & signs that are easy to use, leaving you well equipped to answer questions children ask. **This workshop will focus on children from 0-12 years old.***

**Professionals are welcome to register.**

Tuesday March 29, 2022  
7:00-9:00PM
